This event will coincide with the 15th Annual Nob Hill Holiday Shop and Stroll but is not intended to interfere in any way with that event. Please bring a small candle and flashlight in case the weather does not permit the candles from staying lighted.

It will be a quiet vigil, without arguments or debates. Please do not get drawn into any arguments or debates while the vigil is taking place and do not obstruct those participating in the holiday stroll. Please dress warmly, since we will be out for a couple of hours.
