**JOBS, NOT CUTS!  
STOP ATTACKS ON WORKING PEOPLE!  
FAIR TAXES ON CORPORATIONS AND SUPER RICH!**

When Susana Martinez ran for Governor, she promised to create jobs for New Mexicans. Since then she has done nothing but destroy jobs – laying off teachers, getting rid of public employees, cutting film incentives.

She has protected the tax loopholes of the oil industry, corporations, and super rich contributors while underfunding the public services we need.

**Pass this on to your friends, neighbors, and family. Bring a sign and support this effort for our great state of New Mexico!**
