

IT'S SIMPLY NOT TRUE.

➤ Big money opponents of the minimum wage measure are lying about it. They claim that the measure "allows complete strangers to enter your child's school."
(ABQ Journal 9/18/05, p. A12)

➤ *BALONEY*. Schools are work areas and the public has no right to just walk through them. Nothing in this measure - nothing - changes that.

➤ This is what the law says:

- Informing employees of their right can only be done in "NON-WORK areas"
- Examples are "parking lots" and "sidewalks"

(Minimum Wage Measure section 5(a))

➤ Don't take their lies at face value. Don't even take our word for it. Look up the bill for yourself at www.abqlivingwage.org. You'll see that not one of the big-money conservatives' allegations is true. *NOT ONE.*

Reward Work. Vote Yes For a Higher Minimum Wage on October 4th.
