

Watch the Vote 2008 & 1-866-MY-VOTE-1

Supporting public oversight of and enhancing engagement in our electoral process

There is one true antidote to ensure our elections properly function:
increased, sustainable, and transparent, citizen-led oversight of elections processes.

- Have you experienced problems when casting a ballot this election season?
- Do you need your polling location or other election information?

CALL 1-866-MY-VOTE-1

1-866-698-6831

our 24-hour English and Spanish hotline

Report a problem with the election system in your precinct, report barriers you encounter when casting your ballot, get the information you need to cast your ballot in this critical election year.

You -- the voters -- are the pulse of our democracy.

Our team is monitoring the hotline to **identify** patterns of concern, **verify** complaint calls, & **respond** as needed. The information & data from voters on election system failures is vital for advocates & policy leaders to drive evidence-based reform to protect the integrity of our elections.

Protect your vote.
Protect our elections.
