An Open Letter to the Voters of State Senate District 39

JACK SULLIVAN SHOULD DIVULGE HIS SECRET CAMPAIGN ACCOUNT TO THE PUBLIC

Most Democratic activists in Santa Fe know that Jack Sullivan's chief political consultant and campaign manager Neri Holguin is also paid by a so called "non-profit." This alleged non-profit raises tax deductible funds from individuals and corporations AND THEY DON'T DISCLOSE THE CONTRIBUTORS.

They use a non profit status that should be reserved for a true non profit organization and instead work on negative and false hit pieces against fellow Democrats. They purposefully use this tactic to confuse people with false material and send to the mailboxes of unsuspecting voters. Some of the names they use include...

- The Center for Civic Policy
- The Southwest Organizing Project
- The Legislative Information Project
- Campaign for a Better New Mexico

...just to name a few but all lead to the same group—you've seen them. Jack Sullivan coordinates with this group on false mailers that attack me but he never lists who pays for the mailers.

Jack – if you want to attack me, do so – don't hide behind a group that skirts election laws.

Not only does the alleged "non-profit" pay thousands for mailers they secretly pay the salary of Jack Sullivan's campaign manager and other staff members—again – not disclosing who is funding the costs.

Jack Sullivan likes to pretend he is a progressive but a true progressive supports transparency and openness.

My expenditures—every single one is in my report—open for all to see. But we may never know how much money is spent to try to destroy my reputation and hard work as a State Senator for 16 years. What we do know is that Jack Sullivan's non-profit pals pay for the mailers and the salaries for Jack Sullivan's staff.

Sullivan with his secret arsenal has chosen the same underhanded tactics that we as Democrats have been criticizing and rejecting Republicans for doing for years. I call on Sullivan to come clean with all of these expenditures.

You can't have it both ways Jack.

The Voters of District 39 can see right through this charade.
